### **Guest Speaker: Louise Rolland**

#### **Skill shortages across Australia and the need for businesses to retain staff**

Louise is an Executive Director with the Melbourne office of Ernst & Young's Business Advisory Services team. Louise has spent the last 10 years investigating the impacts of labour market trends including, demographic change and globalising labour markets on Australian business.

Her understanding and experience of workforce planning and strategic talent management is robust. She has worked closely with governments and the private sector to apply diagnostic and strategic approaches to complex workforce challenges. She has recently led workforce diagnostic and strategic talent projects for the Victoria Department of Human Services, the Department of Defence, BHP Billiton and the banking sector.

**Lucky door prizes available on the morning!**

*Please note: This breakfast is specifically for businesses.  
Places are limited – no more than 2 representatives from each business.*
